

**WOODCircle (2022-2024)** - Dual teaching and training for green and circular skills in the wood and furniture sectors for young European students and workers.

## ABOUT THE PROJECT

**WOODCircle** aims to cope with the **twinn transition** (circular & digital) of the **wood and furniture (W&F) industry**, by focusing on the upskilling of the labour force with the help of a new profile : **a Circular and Sustainable Woodworker through dual vocational training.**

## OBJECTIVES

- **Upskilling** today's W&F labor force to create **circular and sustainable woodworkers for tomorrow**
- **Supporting the W&F industry** in facing the challenges linked to ongoing twin transition
- Create an innovative **training tool, flexible, online, and free of charge**

## ACTIVITIES

- **WOODcircle** will firstly identify the **circular and sustainable skills and competences** needed by people actively working in the wood and furniture sectors.
- A **training curriculum** will then be designed in order to meet **the specific needs**, and a **training course** will be developed (in 5 European languages, EQF level 4 and 1 ECVET credit / 25 h).
- Finally this **course** will be published on an **open and free online platform**.
- The **course will be validated** through a **test phase** involving **125 young people** (piloting phase), **20** of whom will participate in a 5 day **dual training journey to Hungary**.
